Visit Details

The super sharp pencil used by Falmouth-based artist Patrick Woodroffe (late husband of our SIDs' organiser, Jean Woodroffe) is the inspiration behind this celebration of all forms of drawing. Patrick's highly detailed drawings will be displayed alongside those by his friend, Peter Markey, who shared Patrick's quirky sense of humour, but developed his own distinctive drawing style.

These works will be displayed alongside pencil masterpieces drawn from Falmouth's collection and loans by contemporary artists.

The Gallery's Director, Henrietta Boex, will talk to us about the exhibition, and you will also be able to browse the other current exhibition – *The Golden Age of French Tourist Posters*. There will be an optional lunch at a local restaurant afterwards, subject to numbers.
