'GOLD OF THE GODS'

Treasures of South America and the search for El Dorado

Lecturer: Chloe Sayer

Gold in America South had a spiritual importance. Its brilliance evoked the Sun - the golden disk that nourished the Earth. In Peru and Colombia, goldsmiths made some of the most spectacular treasures of the ancient world. Cast and hammered, gold was transformed into sacred offerings for tombs and temples. Europeans, by contrast, saw gold as a commodity - the ultimate symbol of wealth
